Hi Tony and Ellie,

Your going on the "offensive" against Constant is inspirational! The news has made my day.

I'm plodding on getting as many people as possible pledged to come to Woodside when needed. I'm up to 33, including Roseanna McPhee, an activist Traveller from Scotland.

There was quite a strong support group in Bedford at the time of the last Woodside eviction.

We need to re-activate them. The contacts I have are:

Emma Ginn, asylum seeker support group which Cliff and Janie belonged to:  
07786517379      ginn\_emma@hotmail.com

Loraine Bayley (same group)  
01234330698    02072531485    chrisloraine@contactbox.co.uk  
7 Myrtle Road, Bedford MK42 OQT

Lyn Petryszyn (ex-Groundwell)  
01582537361      l.petryszyn@ntlworld.com

(I have recently contacted all three re the eviction. Lyn knows Cliff & Janie and will back them again)

Can part of the "Mission" to Bedford on 11 December be to recruit people for a new group which will go to Woodside for the eviction?

Fliers asking people to join could be handed out. Making contact with radical groups while in Bedford that day would be even better. Quakers are at Friends Meeting House, 5 Lansdowne Road MK40 2BY  
01234355789

(I'll contact them by phone as well).

TACTICS:

Sunday 10.30 semi  
01234 360262 } mm  
01234 306638 } bookings

Looking at the map included with the Injunction which has been served for the eviction, it is clear that the small section of Hatch Road outside Woodside will again be closed.

This lends itself to a tactic on our part:

While the gate will be "held" by a prayer meeting of say 50 people (hopefully with a rain cover that'll incorporate scaffolding tripods), convoys of vehicles could arrive at each end of the closed section of road - and prevent any Constant lowloaders leaving with caravans.

Even a few vehicles at the Sandy Road end could cause a major problem.

If the lowloaders are trapped on Hatch Road, it will give Cliff and the others a chance to re-possess their caravans - and occupy them there on the road. Cliff & Janie are ready to live on the roadside, wherever Constant put their caravans.

A well-organised Bedford group, starting from just ten miles away, would be well positioned to jam up the junction of Sandy Road and Hatch Road.

I'm urging other people coming from a distance to help jam up these roads (and also to be prepared to enter Woodside on foot around the back).

Will the protest also go the Constant offices at 66 Harpur Street?

Grattan
